

51st Annual Meeting – HOTLAB-2014

21 - 25 September 2014, Baden, Switzerland

Scope and topics

The working group 'Hot Laboratories and Remote Handling', set up in 1963, is the global forum for all users and operators of hot laboratories. The objectives of our annual meetings are:

- to enhance exchange of experience in all aspects of hot laboratory work (handling, specimen preparation, analysis, waste conditioning, transport, etc)
- to exchange of experiences on the analytical methods to be applied on radioactive materials for research and development purposes
- to share know-how and experience on common problems
- to discuss the present and future demands of the nuclear industry and to draw strategic conclusions regarding further facility requirements

This year's meeting is organized by the Hot Laboratory Division of the Paul Scherrer Institute

Venue and technical tour

The conference will take place in the Hotel DuParc in Baden ([DuParc-Baden](#))

Hotel rooms have been pre-reserved (only until July 18th) in the conference hotel in Baden ([DuParc-Baden](#)) at preferred rate with booking Code "HOTLAB-2014".

For more information on Baden, visit: [Baden-AG](#)

PSI is ready to provide an invitation letter if a visa is needed

A technical tour of large facilities at the Paul Scherrer Institute including the Hot Laboratory is planned for September 25th

Admittance to PSI facilities request registration.

Up to date information is found on the conference [home page](#)
